

**Proposed Building and Property Drawing**      *Required for all projects, as applicable.*

- Draw the property: lot boundaries, adjacent streets, rights-of-way, etc.
- Draw the location of the proposed structure, and all other structures or buildings existing on the parcel.
- Write in distances from the proposed structure to the property lines, other structures, rights-of-way, etc.

***The applicant and contractor are responsible for knowing the true location of all property lines and the required building setbacks.***
